Wheat Prices Tumble 4 Cents

Futures Crash 11 Cents at Opening, But Make Substantial Recovery

WINNIPEG, July 22.—Adversely affected by large wheat liquidation, wheat prices tumbled in a panic at early selling today. Substantial orders for export brought prices back in late selling but the close found values more than four cents under the previous day's close.

The break in wheat which carried prices down for a loss of more than 11 cents at one stage was simultaneous with suspension of wheat futures trading at Chicago and appreciation at New York.

Boistered by European purchases of 150,000 bushels of wheat good resistance was encountered at the low points. When the bell changed close of trading, July wheat sold at 73½ cents a bushel, October closed at 70½, down four cents.

PANDEMONIUM BREAKS LOOSE
Pandeemonium broke loose shortly after the opening but when a resumption of order was achieved.

Cash wheat market was pushed out of the picture due to the activity in the futures market. A decline of 16 cents in 1934 price featured coarse grain trading. Raising in sympathy with the drastic decline in the wheat pit reacted a recovery, supported by speculation buying near the close.

Mackenzie King Changes From Train to Automobile at Winnipeg

WINNIPEG, July 22.—Changing from train to automobile, R. B. N. W. Mackenzie King today took a jump of about 75 miles to take part in a night meeting. On the way he made brief stops at Carleton Place, Ontario, and Burlington, where his motorcade was greeted by gatherings which he addressed briefly. His speech at Carleton Place tonight will, it is expected, be one of the important addresses of the tour which will carry him through the three prairie provinces. In the course of an address to a dinner gathering he took leave with the Canadian Co-operative Commonwealth. He expressed his opposition to the plan for a central control of industry and finance, and declared that state control meant a complete loss of the individual's control of force to compel individuals to obey the decisions of those in power.

Three-wheel Auto Proves Success

BRIDGEPORT, Conn., July 22.—First test of the Dymatron car, a three-wheeled automobile built on the streamlining principle of fast boats, was held Friday before 3,000 spectators.

With its inventor and designer, Buckminster Fuller at the wheel, the automobile attained a speed of 40 miles an hour over the one-mile course and set a record at Bridgeport. Engineers estimated the car reached only 20 per cent of its possible power.

Price Was Good

BRANTFORD, Ont., July 22.—The first load of wheat offered to a branched mill from the 1933 crop, brought 75 cents a bushel, compared with 40 cents for the first load last year. The load from Ontario's township, was at first class pulling quality. The price dropped later to 79 cents.

MOLLISONS ON NON-STOP HOP TO NEW YORK

Jim and Amy Start Flight—Are Seeking Three New Records

RELIANT, Northern Ireland, July 22.—The plane in which Jim and Amy Molison took off for New York today passed between 10 and 11 a.m. E.S.T. The fastest record and the cork main-laid at 120 m.p.h. G.M.T. today (8:30 a.m. E.S.T.).

PENDING, July 22.—Jim and Amy Molison hoped off for New York today on the first lap of a 12,000 mile aerial adventure.

They departed under acceptable flying conditions at 11:00 a.m. G.M.T. (4:00 a.m. E.S.T.). On the way they are expected to fly over Saint John, N.B., and over the Gulf of St. Lawrence.

WATERS OVER MONTH
The famous flying couple, each the holder of several aviation records, had waited more than a month for weather such as prevailed today for the flight to New York, where they plan to fly to England and then back to England.

Their first attempt on June 6 ended in a crash at the take off, but they were sure today success would attend the venture they called the Sweet Song of their flying careers.

This was to be the first time they tested their knowledge and ability. Capt. Molison, 28, and light-complected Amy Johnson Molison, 24, were married last July 29 after each had won five of the air.

The first two very croning of the Atlantic, a new non-stop, straight-line, place.

FLYING GAS TANK
Their plane, the Seafarer, is equipped with a flying gas tank; every 100 miles it has been made into a fuel container.

Capt. Molison was not particularly pleased with the weather prospects.

"The weather is reasonably, but not particularly good," he declared. "No luggage of any kind is being taken."

Any will take only an independent fuel tank, he said.

Mrs. Wiley Post Worried Over Her Husband's Laundry
She has been told that her husband will take only an independent fuel tank, he said.

"He forgot his bag when he left Ketchikan," she said. "He forgot everything when he got started. Maybe he'll remember to bring a clean shirt at Ketchikan, but I hope it won't be."

JOBLESS FLOCK TO EXHIBITION ON INVITATION

Relief Tickets and Work Cards Honored Wholesale Thursday

Attendance at the Edmonton Exhibition on Friday was 14,728. It was officially stated Saturday, showing a gain of 1212 over last year's figure, which was 13,516 for the same day.

Par-matels, turn-over was \$14,567, against \$42,701 for the same day last year, showing a decrease of \$11,134.

Another innovation was unofficially inaugurated at the Edmonton Exhibition on Friday. It was "Unemployment Day." It's no looking at the program, not mentioned there. But the city jobs which all about it.

While official figures as to how many of those on relief took advantage of free admission to the grounds were not available last Friday, it is believed several thousands "crashed" the gate with their relief tickets or work cards. Either pastboard was good when presented at the gates.

In making the provision for the unemployed, Edmonton fair directors are falling in line with Calgary exhibition officials, who accommodated some 10,000 out-of-work men.

Bobby Jones Golf Series Is Cream of Short Subject Fare

Ralph Forbes invariably portrays a perfect gentleman in pictures, but in real life he is a rough and ready out-door sportsman. By his own admission he much prefers roughing in the wild and woolly American west to living the life of an actor in cosmopolitan London or New York. Give him a gun, rod, rammer, pipe, horse and dog, and he is far more at home than he is in the drawing room.

To those who know him only through his screen roles, this angle on Forbes may seem strange. For instance, nothing could be less suggestive of rough camp life than the actor's gentle behavior in his most recent part, that of Norman Vance in "The Phantom Broadway," which comes to the Rialto theatre on Monday for a six day run. The writer is a study in artistic restraint—a highly-strung, sensitive musician. It seems incredible that an actor who enjoys his vacations in the wilds of the Sierras could understand so delicate a type much less portray it. Yet, in justice to his art, it must be admitted that Forbes accomplishes the apparently impossible feat with perfect ease.

Monaghan has engaged an excellent supporting cast for "The Phantom Broadway." Bill Patrick takes the role of Laura Hamilton, the ideal woman, and others who appear prominently are: Eugene Osburn, Paul Page, Guinn "Big Boy" Williams, Arnold "Big Boy" Lane, Harlan "Turkey" Rockwell, and George Nash.

Buddy Rogers In Films Now With Strand

"Best of Enemies," a new romantic comedy, comes to the Strand theatre today to remain for an engagement of three days. Buddy Rogers and Marian Nixon have the featured roles.

In theme and treatment it is a film that has a touch of a right. The story depicts the changes of time, the story depicts a romance between two youngsters whose personal lives are interwoven with the story of the nation's history. The story is told with a light touch, and the picture is a most enjoyable one.

That this line dividing mother love from outright gratuity is discussed in all its perilsous aspects, is the story of "The Girl in the Red Velvet Shoes," which opens today at the Empress theatre.

Mia Hayes plays the role of an aristocratic Italian girl who on the eve of her wedding to a man of her father's choice, falls in love with a young officer in the Italian army. A classic romance ensues, and the father, in a desperate attempt to call a halt to the proceedings, is involved in an automobile crash and dies.

Sheriff John Rae of the Edmonton judicial district, then a resident of Calgary, was present and recalls vividly some of the most colorful features of the event.

K-END Sheriff Rue remembered that it was a day of sweltering heat. The morning was devoted to laying the corner stone for the first water works system installed in Calgary, then located on the bank of the Bow River, west of the Eau Claire mills.

An outstanding feature of the afternoon proceedings was the serving of an ox which had been cooked the day before in the excavation for the basement of the Hudson's Bay Company store, about to be built on the north-west corner of Centre street and eighth avenue.

Frank Marriaggi, later of this city and Fort Saskatchewan, was caterer for the occasion and supervised roasting the ox.

Many notables were present. Among them was Rev. Leo Gaetz, founder of Red Deer. Sir Donald Mann represented the railway company. Edmonton was well represented

Thundering out of the park on the stretch turn to win by a head at the finish, B. Meyer's Crofton captured the Capital City Purse, feature event Friday of the Exhibition Association's second-day meeting.

Trailing the heavily-paired favorite, El Cid, and Elia Bank at the half-way mark, Crofton came up fast as they rounded into the stretch, slipped through onto the inside under the caution handling of Jockey J. Gaudier, and came in through a grilling stable door to beat out El Cid as they passed the judges' stand.

Highly rated in the market, El Cid won out in the penultimate race, but he was not the way over the five furlongs, most of the contention, but Crofton came up fast to take the win and Royal Flash slipped to capture the new position from the third place.

WINNER PAYS WELL
Crofton paid the good price of \$130 for the two-dollar straight tickets for the win.

There was a fine crowd of horse-park fans for the good afternoon of the sport and they saw three exciting races as well as watching a few outsiders get into the winning spots.

The Daily Double was an outstanding wager for the day, paying \$211.20 for two dollars. Those who held tickets from Elmore S. in the first race, to Joe's Pearl in the third, won \$130 in the third.

Best straight price of the day came in the third race, when Elmore S. won when Joe's Pearl scored a complete surprise to take first money. She paid \$130 to place and \$125 to show.

Crofton's price was the best of the day's other prices, while Silent Canadian returned the good sum of \$100 to place in the seventh playoff over the mile and one-eighth dirt track.

Jockey Gaudier featured the day's racing performance by capturing three winners during the afternoon, having a leg up on Elmore S. in the first race, Crofton in the fifth, and Aphet in the sixth event.

Yankees Retain Lead Tie With Senators After Losing Slump

NEW YORK, July 22—Lou Gehrig came out of his batting slump Friday and led New York Yankees to a 10-2 victory over Cleveland Indians that enabled them to hold their tie with Washington for the American League lead.

Russell Van Atta pitched some of the best ball for the Yanks, but he left him off O'Dell Hale, his left arm and broke a blood vessel just above his elbow. He is expected to be out of action for a week or more. Despite the painful injury, Van Atta threw for a runner out at third.

ACTIVE RALLY AIDS WHEAT IN RECOVERY MOVE

WINNIPEG, July 22.—Supported by generous purchases from overseas, wheat staged out of early session price weakness with a broad and active rally. The gain though not a complete recovery from 11-cent advance in the decline was decidedly energetic. The close found prices rising 1/4 to 1/2 cent over than Friday's close.

July closed at 77 1/2 for a drop of 1/2 cent from 78 1/2 on Friday. December held at 77 1/2 while it was down 1/2 to 76 1/2 and May at 81 1/2 to 80 1/2 below yesterday's close.

Disregarding a firm at Liverpool which was down from the start, intelligent complaints from Chicago where Western trading was suspended for the second day in succession, wheat prices advanced in the earliest decline in months.

July opened at 76 1/2, cents lower and the hunt for low levels was on. Other months quickly fell into line. Within a few minutes a low point of 74 1/2 cents had been deduced from the previous day's closing figures.

Liquidation reached its peak in New York where wheat futures were sold in the market. At the low point resistance was shown by a sharp rally. A small improvement noted in demand for cash wheat. Outside grains followed the trend of wheat futures to a lower close.

FURIOUS TRADE SWAMPS WALL STREET MART

NEW YORK, July 22.—Continuing current market weakness, Wall Street today was a scene of furious trading, with prices of many stocks dropping sharply.

The arrival in Montreal of the great Italian air armada created a great furor in the Quebec metropolis. It is shown General Balbo being greeted by an enthusiastic gathering at the airport.

Balbo is the man who was with Mussolini during the Italian revolution and is said to have a hand in making him look after it.

It is also said that he is responsible for the "cancer" of administration in excess of the Fascist revolution.

Covering by the growing army of "shooters" leading stocks to come down in the last hour, but the situation of many stocks was improved by the upward movement. The ticker tape was in 10 to 15 transactions most of the day.

The only market open, at Winnipeg, found wheat and rice of 4 to 5 cent lower, but dropped about 12 to 15 cents a bushel at one time, while cotton, here, dropped about 12 to 15 cents before recovering.

High Treason Is Charged Against Balbo At Montreal

BRITISH, July 22.—The German and Prussian Ministers of Justice today told George W. Messersmith, United States consul-general here, a charge of high treason had been lodged against Walter Dietrich, Breslau, N.Y. student, arrested this week at Cleveland charged with aiding communistic activities.

The arrival in Montreal of the great Italian air armada created a great furor in the Quebec metropolis. It is shown General Balbo being greeted by an enthusiastic gathering at the airport.

Urges Alteration in Bible

PASTOR SAYS WOULD HAVE NEW EDITION

Explains Modern Approach In Sermon To His Congregation

The Bible should be attractively printed and bound in a 36-column edition to meet modern needs, Rev. Dr. W. Russell Bovin, Rector of Grace Protestant Episcopal church, New York, said in his sermon recently.

"It would be a very good thing if we did not have the Bible in its present form," Dr. Bovin stated. "This close type, double-column, many-colored edition I have in my hand is enough to discourage my people and I probably do not think it should be a library of little books at least 29 in the Old Testament and 27 in the New Testament on a shelf. The very word 'Bible' means library, you know."

The Bible has been translated so often that some question its beneficial influence. An example of this ignorance can be found in that fashion for taking all the words of the Bible as being literally the truth.

The modern approach to the Bible is to examine it in the light of all the knowledge we possess. As we do that, we discover that it covers a long range of time and reflects the development of the faith in God. The Old Testament is steeped in the morality of feudalism and carries on much that transpired in our era. But the prophets moved on to find a God of moral righteousness.

Today we see the Bible in its perspective. We see in it the pageant of the human soul.

Isaiah Denounces Drunkenness and Other Sin

By the Rev. Alvin E. Bell and Alfred J. Rescher

Scripture—Isaiah 5:1-25

Isaiah was the great statesman prophet of Judah who preached to his people about 700 B.C. He probably was of royal blood and had opportunity to study the weaknesses of the ruling class from intimate contact with them in court circles. He was, however, the friend of the poor and the oppressed.

He pictured God's disappointment over the nation's spiritual failure by writing a song in which the nation appears as a vineyard and religion as a choice vine planted there and carefully nurtured by God. But the fruit God found was merely by disappointing. The nation yielded sour grapes.

Another evil against which Isaiah pronounced his "woe" was that of intolerance to the extent of drunkenness. He pointed out the connection between this evil and political corruption and social misery and warned against the nation's wealth unproductive.

One of the curses of the nation which Isaiah denounced was the consciousness of the rich and their cruel oppression of the poor. They joined farms to farm to create large estates and evicted the poor. To nurse and child this greed God made their wealth unproductive.

Chinese Missionary Reports of Work by Let-

ter to Toronto

TORONTO, July 22.—The death of a child the gift of \$500 by a military leader in the missionary project, and the activities of sinners are among the subjects dealt with in a letter from Vancouver four years ago and had two little girls.

The younger is now taken by a mysterious malady. The letter is dated at Kailash, Szechwan, Mrs. Allen was Miss Wundt-Groff of Montreal.

Mr. Bell reports that soldiers are swarming around the Chengtu district, pressing men into the army. The missionaries have had to rescue servants and University workers again and again. Many rumors that fighting is imminent upon the north made him make a very anxious situation for the foreigner who are afraid to appear in the fields to harvest crops and wheat crops now dead.

DIFFICULTIES

Edwards has brought home to the missionaries in another way by the agencies of troops to command military operations. The letter is dated at Kailash, Szechwan, Mrs. Allen was Miss Wundt-Groff of Montreal.

On the basis of Mr. Bell's report, a gift and a promise from General H. H. Den for the purpose of erecting a proper hospital in which to keep Rev. Frank Dickinson's wife, notably the purified church which were donated by British Columbia friends last year. The commander has sent a cheque for \$500 and is undertaking to give \$500 more at an early date for this purpose.
